**The City Council is providing this service to help assist with getting nuisance properties cleaned up. The Council has been working on cleaning up nuisances and has made some progress. However they have made it a priority to enforce the nuisance code more and more timely than in the past. Little to no extensions will be given before the Council orders the nuisances to be abated by the City and billed to the land owner.**

The City is stepping up enforcement of the junk vehicle ordinance. Any vehicle meeting the descriptions under City Code 3-9 Junk and Abandoned Vehicles, can be issued a 10 day notice to abate the nuisance, if nuisance is not abated timely the city may tow the vehicle(s) and fees may apply.

Some things that can declare a vehicle as junk, under City code are: *(this is not a complete list)*

- Vehicle must have current licenses plates installed
- Lacks an engine
- Missing parts
- Flat or missing tires
